THE FACIAL BAR SET TO REOPEN FOLLOWING COVID-19 SHUTDOWN

FARMINGDALE, NJ June 28, 2020—**The facial Bar** will reopen on July 3, 2020 in accordance with the regulations and guidelines put forth by The State Board of New Jersey. We have worked diligently during the spa's closure to update its already rigorous sanitation and hygiene standards and implement new policies and procedures to promote the health and safety of guests and staff.

A selection of the updates and adjustments **The facial Bar** has made can be found below.

- Face mask and gloves will be used while providing all services.
- One entrance will be for entering and the other will be for exiting the facility.
- One to two guests will be permitted into the facility at a time.
- There will be one waiting chair available.
- As always chairs, counters and tools will be cleaned and sterilized before every guest.

Ladies and gentlemen, it has been a bewildering year! We are finally able to open. The facial Bar is going to provide you with the safest service possible. Please be patient and work with me to do this. I am looking forward to seeing you all beginning this 4th of July weekend. I may not be able to contact everyone to reschedule your appointments but please feel free to call to make an appointment.

The facial Bar will continue to follow local, state and national regulations regarding the safe operation of spas. As the spa receives additional guidance, its policies and practices will be updated accordingly.

Additional details can be found at Thefacialbar-online.com

Guests interested in scheduling treatments or services can call 732 256-9669 or email me at thefacialbar@thefacialbar-online.com.
